KAU CANE NEEDS RAIN

AHLEY'S WEEKLY REPORT ON CROPS AND WEATHER

FINE SUMMER CROP OF PINEAPPLES—SISAL ON LEeward OAHU HAVING A VERY DRY TIME.

Section Director A. McC. Ashley reports on crops and weather for the week ending July 8, as follows:

Normal temperatures for this season of the year have prevailed in nearly all sections of the Group during the past week, attended by moderate trade winds. In most portions of the island of Hawaii, the rainfall was considerably in excess of that of the preceding week, especially in windward sections. Good rains also occurred in windward Maui and portions of windward Kauai, but elsewhere throughout the central and northern islands the weather has continued very dry.

Growing cane needs rain in the Kau and Kohala districts of Hawaii, the Kihapulu district of Maui, and portions of Kauai; but is reported as in good condition and growing well in most other sections. The grinding of mature cane continues, and all of the plantations are busily engaged in planting and other field operations. Pastures need rain in the north Kohala district and the lower levels of the Kau district of Hawaii, and in the leeward districts of all the other islands. Coffee is in good condition, but in the Kona district of Hawaii would now be benefited by a few days without rain. The harvesting of a fine summer crop of pineapples is going on rapidly in all sections, the canneries are all in operation, and heavy shipments of fresh fruit are being made to the Coast. The bulk of the rice crop is now harvested, and the preparation of land for the second crop is in progress. Sisal needs rain in leeward Oahu.

ISLAND OF HAWAII

Kaunapali—Weather continues favorable for growing crops; pastures and grazing stock in good condition; planting, cultivating, stripping and harvesting cane.—J. E. Gamalielson.

Hilo—Weather warm and showery; crops growing splendidly, and pastures in good condition.—L. C. Lyman.

Peepee—Showery nights and warm, sunny days; cutting and grinding cane; plowing, planting, weeding, hoeing and stripping.—Jas. Webster.

Hakalau—Weather warm, with sufficient rain; harvesting and planting cane.—Geo. Ross.

Honouliuli—Light showers and abundant sunshine; crops all looking well; planting, hoeing and harvesting cane.—W. K. Andrews.

Laupahoehoe—Warm weather, with light winds and heavy showers; plenty of water available, and all crops looking well.—E. W. Barnard.

Pauahou—Weather warm all week, with good rains on evening of 3rd and all day of 4th; coming cane crops being stripped and cultivated.—H. Glass.

Honokaa—Weather warm, with light winds; good rain on 4th.—C. H. Bragg.

Niuli—A favorable week, with abundant warmth and rain for cane growth; improved condition of growing crops is noticeable; plowing and fertilizing ratoon; planting, cultivating, hoeing, reaping and grinding.—Robt. Hall.

Kohala Mission—Rainfall insufficient during week, and cane suffering in the drier parts of the district; moderate winds.—Dr. B. D. Bond.

Puukoa Ranch—Weather fine and warm, but more rain is needed.—A. Mason.

Puuhoe—Weather warm, with light rains and strong trade winds at night; stock fattening fairly well.—S. P. Woods.

Kamuela—Cool weather, with fresh northeasterly winds; 72 inch of rain during week.—Mrs. E. W. Hay.

Puuwaawaa—First part of week marked by very high winds and quite heavy fog; heavy shower on 6th.—Robt. Hind.

Honokahua—Wet weather continues, the rains being heaviest through the central country and lighter at higher and lower levels.—F. R. Greenwell.

Kealahou—Partly cloudy and warm; rain every day, amounting in all to 3.0 inches.—Rev. S. H. Davis.

Kealahou—Rain every day during week; a few fine days would now be beneficial to the coffee trees and would also make weeding easier.—Robt. Wallace.

Kau—1.45 inches of rain during week; water supply good, and pastures in fair condition.—F. H. Haymelen.

Naalehu—Very dry yet, and crops at a standstill; moderate winds during the week.—G. G. Kinney.

Pahala—The past week has been hot and dry, with a continuance of strong trade winds; young cane and pastures are somewhat dry in consequence.—H. D. Harrison.

ISLAND OF MAUI

Kihapulu—Nice weather for young cane and planting, but rain inadequate for big cane; plowing, planting and weeding 1907 crop.—Andrew Gross.

Nahiku—Watermelons, grapes and mangoes are in abundance at Nahiku this week; weather continues warm, and the young rubber trees are growing rapidly.—C. O. Jacobs.

Huulo—After nearly a week of warm weather without rain, daily showers have commenced again; summer growth of vegetation has begun again, but more moisture is required than has fallen during the past two weeks;

JAPAN'S ARMORED CRUISER ASAMA.

Japan's nine powerful armored cruisers, of which the Asama is an excellent type, took a very conspicuous part in smashing the Russian fleet. The armored cruisers were under the command of Vice Admiral Kamimura, who attracted attention some months ago by defeating the Russian Vladivostok squadron. The Asama is almost as formidable as a battleship and has a speed of twenty-three knots. Her eight and six inch guns created great havoc aboard the Russian ships.

Irrigation ditches are barely supplied to full capacity.—W. F. Pogue.

Haiku—Weather during most of week warm and sunny with moderate rains, very favorable for the ripening of pineapples and general vegetable growth; the canning of pineapple fruit began this week.—D. D. Baldwin.

Pala—Very dry during fore part of week, but nice showers during the middle and latter portions; clearing land, plowing, harrowing, cultivating, fertilizing, irrigating and weeding.—J. Jones.

Makawao—Weather quite cool with showers and moderate trade winds during most of week; pastures and stock continue in good condition; no rain in Kula section, and lower lands very dry.—E. H. Bailey.

Kahului—Fine weather all week; 20 inch of rain.—R. W. Miller.

Kihui—Weather throughout week somewhat cloudy and not so warm; slight increase in supply of ditch water from windward, but not sufficient to stop pumping; plowing land, planting cane, and cutting back ratoon of 1907 crop.—James Scott.

Olowalu—Warm weather with light northeast winds; heavy showers in mountains during latter part of week; cane growing well, but pastures dry.—Geo. Gibb.

Kaanapali—Fine, mild weather during week with occasional showers; all growing cane looking well, but pastures in need of more rain.—Wm. Robb.

ISLAND OF OAHU

Ahuimanu—Crops, pastures and stock in good condition.—E. Knust.

Maunawili—Pastures in fair condition; coffee is doing well, and will be much benefited by the heavy shower which fell during the night of the 7th.—John Herd.

Waimanalo—Warm weather during the past week, with occasional light showers.—A. Irvine.

Ewa—Temperatures somewhat lower than during the preceding week; no rain.—Ewa Plantation Co.

Sisal—Conditions remain unchanged; variable winds with several light showers; sisal still needs rain.—Wm. Weirich, Jr.

Waimanalo—The weather continues dry and warm throughout the Waimanalo district.—F. Meyer.

Wahiawa—Light showers during week; summer crop of pineapples ripening very rapidly, and all hands busily engaged packing fruit for Coast shipments; plants in good condition.—B. O. Clark.

Kahuku—Fine weather continues, with moderate trade winds and light showers at night; nights cooler during latter part of week; steadily planting cane; fertilizing; clearing and plowing new land; harvesting and milling cane, marketing rice and watermelons.—R. T. Christophersen.

ISLAND OF KAUAI

Makawili—Cloudy and comparatively cool all week; dry here, but good rainfall in the mountains; plowing land and grinding cane.—Hawaiian Sugar Co.

Eleele—Weather dry and warm; plowing and preparing land and planting cane; total rainfall for the week, 0.9 inch.—McBryde Sugar Co.

Koloa—Good growing weather, but crops in need of rain.—P. McLane.

Kealia—As a result of last week's rains cane and pastures are doing well; planting continues.—W. Jarvis.

WARREN LOSES HER PROPELLER BLADE

Delayed by the loss of a propeller blade and by running through the tail end of a typhoon, the U. S. Army transport Warren arrived in port from Manila and Nagasaki yesterday afternoon tying up at Navy Dock No. 2.

The propeller blade was lost on the night of July 8, off Laysan Island. Luckily there is a spare propeller blade on board, so if it is decided to repair here, the blade can be quickly put on. The Warren, however, may go on to San Francisco, which can be done though it will slow the vessel up considerably. About four years ago the Warren lost a propeller blade shortly after leaving here for Manila and had to put back for repairs.

The typhoon was met just after leaving Nagasaki. Although only the last of it struck the Warren, the sea and wind were high, and for ten hours the transport had to slow down, till the typhoon passed.

The Warren took on 2500 tons of coal at Nagasaki for this port. She will probably be in port about a week. Captain A. N. Walton, former marine superintendent at Manila, is in command of the Warren.

The transport brings no troops, but has a number of officers and officers' families, through passengers to San Francisco, who could not get accommodations on the transport Sherman. The passengers are as follows:

Mrs. F. D. Webster, wife Capt. Webster, 20th Inf.; Mrs. F. S. Bowen, wife Lieut. Bowen, 20th Inf.; Mrs. G. W. Williams, wife Captain U. S. Navy; Lt.-Col. J. W. Hanney, Mrs. Hanney; Mrs. W. E. Cass, wife Cont. Surgeon U. S. A.; Miss Bainbridge; Mrs. F. B. Clayton, wife Clerk Q. M. Dept.; Mrs. E. P. Easterbrook, wife Chaplain, Art. Corps; Mrs. S. M. Kochersperger, wife Major Phil. Scouts; E. J. Bloom, 2d Lt. 4th Inf.; A. W. Chase, Capt. Pay Corps, U. S. A.; F. C. Connolly, Clerk Sub. Dept.; C. A. Warwick, Contract Surgeon, U. S. A.; Acting Surgeon Warren; Mr. Wm. Wallace, family Capt. Harrison, Commissary, U. S. A.; Mrs. C. W. Rosenstock, wife Exposition Commissioner; R. J. Gurney, Com's Sgt.; Mrs. Gurney; A. Nickle, Sergeant, Hosp. Corps; Mrs. Nickle; R. L. Hirst, Capt. 12th Inf.; Miss Comba, daughter Genl. Comba, retired; Miss O. Comba, daughter Genl. Comba.

The BUSINESS MAN'S HANDY INDEX, published in the Saturday Bulletin and the Weekly Edition, gives a concise and complete resume of all legal notices, calls for tenders, judgments, building permits and real estate transactions. Evening Bulletin, 5 cents per month. Weekly Bulletin, 15 cents per year.
